

## Theme, Division and Related Group Panels

The following groups organize and sponsor panels, roundtables and plenaries at the APSA Annual Meeting.

**Theme panels:** Organized by Annual Meeting program chairs, focusing on broad topics related to the meeting theme or issues of wide interest to the Association. A “T” precedes the title of theme panels in this program.

**Division panels:** Organized and overseen by Annual Meeting division chairs who also serve as members of the program committee. APSA organizes the annual meeting into 49 divisions, 41 of which align with APSA Organized Sections. APSA allocates panels to each division according to a formula based on prior year attendance and proposal submission rates. The following pages list division panels ordered by division number.

**Related group panels:** Organized by independent professional groups, called “Related Groups,” and invited by APSA to organize scholarly panels during the annual meeting. Several Some related groups only meet at the APSA Annual Meeting (e.g. conference groups) and some are independent associations. Related groups must demonstrate to APSA that they have a persistent organizational structure and membership threshold to be eligible to host panels at the meeting. The following pages list related group panels ordered by related group name.

**Committee panels:** Organized by APSA committees to address professional issues in the discipline and related to the committee’s responsibilities. See the “Committee Sponsored Panels Events” entry in the Table of Contents for the location of the committee panel listings.

# MEETINGS AND RECEPTIONS

## BUSINESS MEETINGS:

Many groups hold meetings and receptions at the APSA Annual Meeting, and most are open to all members. Business meetings are general member meetings that are open to all Association members unless the title clearly indicates that the meeting is for a specific group (e.g. editorial board).

**APSA Organized Section:** All attendees regardless of membership in a section are invited to attend section business meetings and to learn more about the work of sections.

**Related Group:** Independent professional groups with persistent organizational structure and minimum membership can organize a business meeting.

**APSA Committee Meetings:** Generally working meetings of committees are considered closed to attendees. Attendees should first consult with a committee chair about the possibility of attending.

## RECEPTIONS:

All receptions are open to all APSA members unless the title clearly indicates otherwise (e.g. editorial board reception).

## WHAT AUTHORS SAY

“Cambria is the best publisher I have ever worked with. They not only got my book to press quickly and efficiently but also with first-rate editing, cover design, and production.”

— Stephen Coleman, *Popular Delusions*

“From the rigorous peer review to the final product, the Cambria experience exceeds my experience with university presses.”

— Sean Kelly, *Jimmy Carter and the Water Wars*

“I have been especially fortunate to work with Cambria Press in publishing this book. The Cambria staff was professional and efficient throughout the entire process and it was a pleasure to work with them.”

— Stephanie Cooper Blum, *The Necessary Evil of Preventive Detention in the War on Terror*

## FDA: A History

Consider this engaging documentary as a supplement for Political Science and History curricula that explore US government, food and medicine law, history of science and medicine, political science, government regulation, and more.

The documentary "FDA: A History" tells the story of the Food and Drug Administration, the oldest consumer protection

agency in the United States. The film

chronicles the tragedies and cultural environments that made the FDA possible, the agency's birth and how it has grown into today's essential gatekeeper of America's health and safety.

**Enter Code  
APSA2009 to  
receive 20% off  
purchase price**

Told by former FDA employees and appointees at all levels of the organization with commentary by prominent historians and authors, the film includes footage never before aired on the history and current practices of the agency.

*82 minutes on DVD, "FDA: A History" has markers dividing the chronological story to make it easy to show only specific sections of the documentary in classes.*

### **Sections of Documentary:**

Pre-1906	Caveat Emptor
After 1906	Enforcing the New Law — Inspectors and Court Cases
1927	Food, Drug and Insecticide Administration
1938	The Food, Drug and Cosmetic Act — Science and Law
1950s	The Birth of an Industry
After 1962	Good Practices
1980s and 90s	Government — Part of the Solution, Part of the Problem
